

THE NEXT GENERATION WITH LESS INPUTS

CREeping BENTGRASS TOUR PRO_(GDE)

Tour Pro produces quick, elegant and slow growing turf. The turf surface is durable and with medium fine leaf texture. It was rated #1 in Turf Quality in the 2015 NTEP Traffic Stress Trial.

Tour Pro was selected and improved being resistant to diseases like Dollar Spot and Pink Snow Mold. **Tour Pro** has very high density which helps to crowd out and control poa annua.

Tour Pro was rated #2 in the 2015 NTEP drought stress trial. **Tour Pro** showed tolerance to drought stress and this allows turf managers to save water.

Tour Pro is highly recommended for use on putting greens and wherever a high performing, fine-textured and disease resistant surface is desired.

Benefits

- Produces a very high quality, medium dark green playing surface
- Resilient and Durable
- Competitive Crowds-out Poa annua
- Excellent seedling vigor

Seeding Rates

- 5-8 g/m² for new establishment
- 5-15 g/m² for over-seeding

Seeding Rate	5-8 g/m ²
Seed Count	13.245/g
Growth Habit	Upright
